

PROOF OF CERTIFICATION FOR CERTIFIED DIVERS

All certified divers must show proof of certification before engaging in any dive activity.

If you can't find your certification card, our staff will be happy to help you look it up through your training agency, but can't guarantee a result.

If proof of certification can't be obtained, you will not be able to dive as a certified diver, but can participate in our Discover Scuba Diving program if space is available. Additional costs may apply. If you decide not to participate in this program, your payment will be forfeited.

Divers engaging in an Open Water Course or a Discover Scuba Diving program do not need a certification.
